

# ‘ŌHI‘A LEHUA PHENOPHASE SCAVENGER HUNT

Get outside and take a closer look at ‘ōhi‘a lehua! While out on a hike, or even in your backyard, be on the lookout for these ‘ōhi‘a lehua phenophases (different stages from flowers to seeds). Often times a tree will have more than one phenophase present so look closely! Make a check mark in the empty box for each phase you find. Don’t be discouraged if you can’t find them all (it may not be the right season). Have fun and good luck!
